

SIX ZONE ALARM CONTROL PANEL

Key features of the 6 zone alarm

The FSK Six Zone Alarm Control Panel is a low-cost alarm panel operating with the FSK rolling code remote. The tamper proof housing is designed to accommodate the powersupply, battery and either a TX75X radio or a TX Cellular. The Six Zone Alarm Control Panel has six dedicated programmable alarm zones, all of which have end-of-line termination. The panel has arm / disarm and stay armed functions and supports up to 10 users each with their own remote control. The remote control also includes remote panic and medical emergency functions. The unit has integrated AC fail, battery low and tamper sensors.

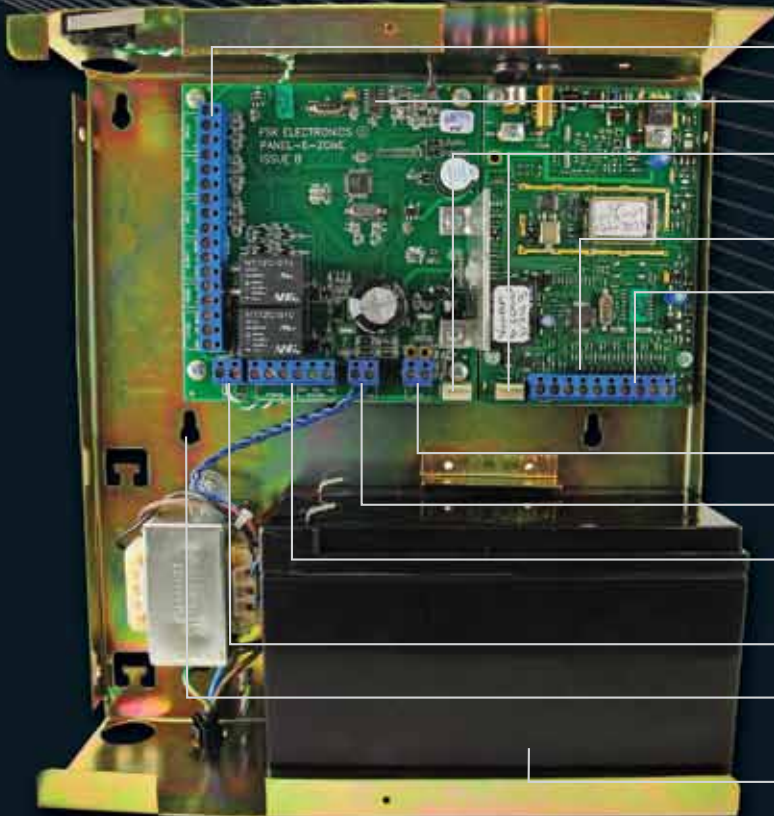

Features and functions

- Integrated radio or GSM transmitter enabling full zone and user reporting
- 6 Hard-wired zones with end of line monitoring
- Remote control receiver including:
 - Arm / Disarm
 - Stay Armed
 - Panic
